

Special Issue

Quality Management: Standards and Sustainability

Message from the Guest Editors

This Special Issue aims to address the challenges and explore synergies of two related concepts: quality management and sustainability. This Special Issue asks for relevant research supported by the soundest research methods and reviews papers on topics that include but are not limited to the following:

- Sustainable standardized management systems
- Management systems and the SDGs
- Sustainable standardized integrated management systems
- Standardized management systems and sustainability
- Sustainability and management system performance
- Sustainable management systems and forthcoming challenges
- Sustainable risk-based thinking
- Sustainable management systems and supply chain management (SCM)
- Sustainable industry 4.0
- Sustainable industry 5.0
- Sustainability and integrated management systems (IMSS) 4.0
- Quality management 4.0
- The profile of the sustainability leader team in the 21st century
- Standardized management systems and social responsibility
- New tools and methods to improve sustainable IMSS' effectiveness and efficiency

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Peter Glavič

Department of Chemical Engineering, University of Maribor, 2000
Maribor, Slovenia

Author Benefits

Open Access:

free for readers to download, share, and reuse content.
Authors receive recognition for their contribution when the
paper is reused.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 34.9 days after
submission; acceptance to publication is undertaken in
15.2 days (median values for papers published in this
journal in the first half of 2025).

Recognition of Reviewers:

APC discount vouchers, optional signed peer review, and
reviewer names published annually in the journal.
