### Message from the Guest Editor

We are pleased to present the inaugural issue of *Standards* journal. The journal is a scientific journal on standardization, assessment, verification, inspection, certification, testing, quality control, rating, and all other related topics. It is covering all scientific, engineering, and technology fields. Besides the technical standards, other standards, norms, conventions and requirements exist, e.g., credentials, certificates, patents, permits, etc. They are improving quality, reliability, efficiency, durability and other properties of goods and services. They can be voluntary or obligatory, used internally or externally.

From 26 April 2021 to 30 April 2022, all submissions (once accepted after peer review) to *Standards* will be published free of charge. To take advantage of this opportunity, please submit before the deadline.
