

## Special Issue

# Quality Management Systems Standards

### Message from the Guest Editors

This Special Issue on “Quality Management Systems Standards” aims to prove best practice, success magic keys, and unconventional and novel views on the implementation, maintenance, and continuous improvement of QMS according to relevant standards, which are based on PDCA cycle, process approach, risk thinking, and are coordinated with a harmonized or high-level structure. Topics covered in this Special Issue include, but are not limited to:

- Successful application and use of QMS standards;
- Visualisation of QMS standards;
- Planning, conducting, checking, and acting of QMS;
- Sustainable improvement of QMS;
- Common and specific requirements in QMS standards;
- Development of new approaches to work with QMS;
- Integration models for QMS standards.
