

Special Issue

Standards and Assessment of Construction Products

Message from the Guest Editor

Construction product assessment is a complex, challenging, and not always fully defined issue. It is perceived differently by different stakeholders of the construction product market, especially by industry, academia, and regulators. A Special Issue of *Standards* dedicated to evaluating construction products is important, and I invite everyone interested in assessing construction products to publish in this Special Issue of *Standards*.

Guest Editor

Dr. Jacek Michalak

Research and Development Center, Atlas sp. z o.o., 2, Kilinskiego St., 91-421 Lodz, Poland

Deadline for manuscript submissions

closed (31 December 2022)

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Peter Glavič

Department of Chemical Engineering, University of Maribor, 2000
Maribor, Slovenia

Author Benefits

Open Access:

free for readers to download, share, and reuse content.
Authors receive recognition for their contribution when the
paper is reused.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 30.6 days after
submission; acceptance to publication is undertaken in 4.5
days (median values for papers published in this journal in
the second half of 2024).

Recognition of Reviewers:

APC discount vouchers, optional signed peer review, and
reviewer names published annually in the journal.
