

Special Issue

Re-sampling Methods for Statistical Inference of the 2020s

Message from the Guest Editor

Re-sampling methods are previous century fellows, with the Bootstrap, no doubt, being the most popular among them, now well into its forties. Following the rocketing evolution of technology, computational power and data sharing, statistical inference as we knew it at the beginning of the twenty-first century, has extraordinary expanded its scope and applications, and the global Covid-19 crisis appears to have even accelerated the process. With this Special Issue I am soliciting contributions, advancements and critical reviews on Bootstrap and re-sampling methods that address the statistical needs of the 2020s and envision future research directions. Manuscripts covering, though not limited to, topics in data science, statistical learning, statistical modelling, epidemiology, observational studies, circular economy, sustainable development and inequalities are particularly welcome. I look forward to receiving your submissions. Sincerely,

Guest Editor

Prof. Dr. Fulvia Mecatti

Department of Statistics, Università degli Studi di Milano-Bicocca, Via Bicocca degli Arcimboldi 8, 20126 Milano, Italy

Deadline for manuscript submissions

closed (31 March 2022)

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Wei Zhu

Department of Applied Mathematics and Statistics, State University of
New York at Stony Brook, Stony Brook, NY 11794, USA

Author Benefits

High Visibility:

indexed within ESCI (Web of Science), Scopus, RePEc, and
other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 22.7 days after
submission; acceptance to publication is undertaken in 2.9
days (median values for papers published in this journal in
the first half of 2026).

Recognition of Reviewers:

reviewers who provide timely, thorough peer-review
reports receive vouchers entitling them to a discount on
the APC of their next publication in any MDPI journal, in
appreciation of the work done.
