Porto, 4465-004 Porto, Portugal

Prof. Dr. Gualter Couto

School of Business and
Economics and CEEApA,
Universidade dos Açores, 9500-
321 Ponta Delgada, Portugal

Deadline for manuscript
submissions:

31 July 2024

Message from the Guest Editors

We invite you to submit your works for open access publication in this Special Issue of Sustainability entitled “Management Control Systems to Sustainability”. The success of sustainability politics depends on the capacity to measure and control sustainability issues with informative value in an accurate and timely manner. Accounting and management systems should be considered relevant for the successful implementation of sustainability policies. This Special Issue aims to publish studies concerning systems to manage and control sustainability issues.

Research areas for the Special Issue include, but are not limited to, the following:

- Environmental management and accounting;
- Sustainability and management accounting tools;
- Financial and non-financial measurement systems;
- Sustainability balanced scorecard;
- Activity-based costing/management;
- Benchmarking;
- Total quality management;
- The relationship between sustainability and emerging accounting tools and concepts.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
