### Message from the Guest Editors

This Special Issue on “Sustainable Brand Management and Consumer Behaviour” will analyze the role of sustainability as a driver of marketing decisions. Thus, we will cover a wide set of topics within the field of marketing, with a particular focus on branding (see enclosed table of potential topics). Sustainability is addressed in many marketing journals, but the evidence of branding decisions to improve sustainability and their impact on consumer behavior is still scarce.

Deadline for manuscript  
submissions:

**18 July 2024**

- Pro-environmental behavior conceptualization in different industries;
- Green consumer segmentation based on brand loyalty;
- Drivers of environmentally responsible consumption;
- Adoption of eco-innovations;
- Cross-cultural comparison of attitudes towards green brands;
- Green products, branding, and eco-labels;
- Eco-innovation and brand equity;
- Eco-literacy, environmental concerns, and behavioral intentions;
