### Message from the Guest Editor

The Special Issue entitled “Buildings and Sustainable Energy: Technologies, Policies, and Trends” will contribute to the research concerning the broader areas of buildings and sustainable energy solutions. Papers are invited on topics including but not limited to sustainable and green buildings, renewable technologies for buildings, energy efficiency solutions, solar PV, solar thermal energy, daylighting, low-carbon technologies, zero-energy buildings, building standards and regulations, sustainable building rating systems, energy retrofiting, life-cycle analysis, and life-cycle costing. Papers on these topics can have a diverse scope (i.e., scientific advancement and technology innovation, policy development and implementation, industrial and commercial practices, and case studies).
