submissions:

**15 March 2022**

### Message from the Guest Editors

Climate change and air pollution are the main challenges of the 21st century, and they are closely related. The international initiatives and the EU's strict and ambitious strategies to tackle those problems, emphasizing urgent action to adapt to climate change, to mitigate its already felt impacts, and to reduce air pollution for environment and health protection, towards cleaner, greener, and healthier ecosystems and societies.

As Guest Editor of the *Sustainability* Special Issue “Win-Win Strategies for Climate Resilience and Air Pollution Control”, I kindly invite you to publish your emerging research on this topic.

Your contribution, covering (but not limited to) the following research aspects will make a difference!

- Climate change and air pollution impacts;
- Adaptation and mitigation strategies;
- Win-win integrated strategies to tackle climate change and air pollution;
- Cost–benefit analysis of integrated strategies;
- Nature-based solutions as win-win strategies;
- Successfully implemented strategies—case studies with replication potential.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:**— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

**Journal Rank:** [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
