submissions:  
**closed (31 December 2020)**

### Message from the Guest Editors

Dear Colleagues,

This Special Issue will comprise a selection of papers dealing with how digitalization and the advances in information technology can lead to the development of innovative business models under the umbrella of the sharing or collaborative economy, focusing on their potential impact (positive or negative) from social, environmental, and economic perspectives.

We are particularly interested in research papers addressing how sharing, collaborating, merging, or establishing alliances (with B2B, B2C, and P2P perspectives) can lead to new business proposals in which services are provided with no transfer of ownership, granting temporary access, redistributing material goods, or servicizing business models as well as their interlink with a cleaner, fairer, and more sustainable world, leaving no one behind.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
