

## Green Transformation Path: Energy Management Optimization and Environmental Performance Improvement

Guest Editors:

**Prof. Dr. Shuai Shao**

**Prof. Dr. Ding Li**

**Dr. Ruining Jia**

**Dr. Le Xu**

Deadline for manuscript  
submissions:  
**closed (15 August 2022)**

### Message from the Guest Editors

The research topics in this Special Issue include, but are not limited to, the following contents:

1. The mechanisms through which energy industry development affects environmental performance;
2. Energy-saving policies, eco-innovation, and environmental performance;
3. The synergetic transformation path of energy development and energy utilization;
4. The joint governance of environmental pollution and climate change under energy management;
5. Theoretical modeling of energy management decision-making;
6. Energy efficiency and rebound effect: measurement and assessment;
7. The environmental performance assessment concerning energy inputs;
8. Renewable energy and sustainable development;
9. Low-carbon energy use: methods and paths;
10. Policy design of energy management and green transformation development;
11. Other related topics.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
