Message from the Guest Editors

Dear Colleagues,

The Special Issue invites scientists from various scientific fields, to share their research results with regards to several environmental aspects coming from different areas in Greece. The contributions will cover the following topics:

air pollution, soil pollution, surface water pollution, liquid waste, solid waste, environmental policy and legislation, environmental management and planning, environmental economics, green chemistry and chemical technology, environmental education, and ecotoxicology.

More details at:

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
