Logistics and Supply Chain,
Faculty of Logistics, University of
Maribor, 2000 Maribor, Slovenia

Dr. Tomislav Rožić

Department for Transportation
Logistics, Faculty of Transport
and Traffic Sciences, University of
Zagreb, 10000 Zagreb, Croatia

Deadline for manuscript
submissions:

closed (30 November 2022)

Message from the Guest Editors

This special issue aims to give better insight into:

- transportation planning in smart communities
- new sustainable modes of transportation
- intermodal transportation for better efficiency of logistics systems
- environmental protection in transportation
- sustainable mobility
- investigating environmental challenges of transportation
- including pollution monitoring and congestion into transportation planning in cities
- planning suburban and rural transportation flows
- green logistics
- logistics processes
- urban (city) logistics
- urban mobility
- urban planning
- sustainable freight transport
- waste management
- sustainable network analysis
- investigating the impact of transportation on supply chain sustainability and resilience
- planning and implementing shared mobility
- new business models related with sustainable transportation
- transportation strategies in specific environments

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
