### Message from the Guest Editors

Dear Colleagues,

Today, both businesses and consumers confront unparalleled challenges in the realm of sustainability. As a result, achieving sustainable development necessitates revolutionary shifts in the behaviors of businesses and consumers alike.

The purpose of this Special Issue is to facilitate an in-depth discussion on the circular economy and technological innovation as a path toward sustainability, and provide a forum for researchers in this area to disseminate research findings that can shed light on these critical issues.

We solicit both original research articles and reviews for submission to the Special Issue. Research topics may include (but are not limited to) the following:

Circular economy;  
Technological innovation toward sustainability;  
Sustainable production and consumption;  
Sustainable supply chain management;  
Waste management;  
Recycling and upcycling;  
Consumer environmentalism;  
Lifecycle assessment;  
Sharing economy;  
Collaborative consumption.

We look forward to receiving your contributions.
