Deadline for manuscript
submissions:

closed (17 October 2022)

Message from the Guest Editor

We look for theoretical and empirical research able to investigate a variety of issues, such as:

- Sustainable business model developing cases
- Non-traditional methodologies
- Analysis of the relationship among the development of digital technologies, sustainability-led innovations and open innovation approaches
- Identification of influencing factors linked to the exploitation of sustainability-led innovations by industrial enterprises
- Ecosystem approaches to sustainable socioeconomic development
- Analysis of the role of digital tools able to nurture innovative sustainable development in different industries
- Evaluation of the contribution of digital technologies to innovation ecosystems development: regional, national and local level
- Analysis of the impact of digital technologies on organizational and innovation performances
- Investigation of the relationship between the institutional entrepreneurial environment and innovation outcomes: regional, national, and local levels
- Identification of moderating/mediating factors of the relationship between sustainable development processes and key business outcomes for industrial enterprises.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
