Message from the Guest Editors

Dear Colleagues,

This Special Issue will focus on how the future of rural areas depends on the way in which local and regional actors are able to embrace new opportunities with a focus on sustainability. We address a wide range of approaches for exploring and addressing these questions, including case studies all over the world encompassing both quantitative and qualitative empirical research as well as original theoretical contributions.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
