### **Message from the Guest Editor**

This Special Issue will be a valuable compilation for researchers from different scientific disciplines but being interested in the subject area of ecology and sustainability of landscapes.

Contributions to this Special Issue will include, but not be limited to, the following topics:

- Analyses of the perception of natural landscape values by humans;
- Landscape management toward conservation of biological diversity;
- Studies on indicators of natural landscape values;
- Agriculture and forestry practices in the context of landscape ecology;
- Cultural landscape elements and landscape values;
- Scientific background of landscape audits and legal aspects of landscape management;
- Sustainable landscapes and quality of life;
- Modeling of ecology and sustainability of landscapes, including studies on landscape resilience.

Deadline for manuscript  
submissions:  
**30 March 2022**

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:**— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

**Journal Rank:** [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
