Message from the Guest Editors

We welcome papers which highlight the latest developments, trends in sustainability, or innovative thoughts that will have a positive impact on how companies manage their logistics and supply chain systems. This Special Issue is thus to advance our theoretical and empirical understanding of models and methods to encourage their deployment in supply chain systems across various industries.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
