**Microgrids: The Path to Sustainability**

**Message from the Guest Editor**

This Special Issue will cover these promising and dynamic areas of research and development, and will allow gathering of contributions in different aspects of microgrids for unleashing higher degrees of sustainability and resilience in energy systems. This Special Issue also seeks papers to report advances in any aspect of these developments. The manuscripts should be unpublished and report significant advancement.

**Keywords**

- Sustainable energy integration
- Micro- and nano-energy systems and technologies
- Operation and control of microgrids
- Design and development of sustainable microgrids
- Multi-microgrids and microgrid clusters
- AC, DC, and AC-DC hybrid microgrids
- Offshore/Shipboard microgrids
- Grid-connected community microgrid
- Multi-stakeholder microgrids
- Energy internet for microgrids
- Sustainability metrics in microgrids and energy systems
- Energy conversion, conservation and management
- Sustainable/Green energy
Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** indexed by the Science Citation Index Expanded and Social Sciences Citation Index (Web of Science), as well as Scopus and other databases.

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 15.3 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2019).
