Deadline for manuscript submissions:

closed (30 April 2021)

Message from the Guest Editors

This Special Issue is devoted to the proposal and development of multidimensional approaches for decision making which can contribute to the achievement of the UN Sustainable Development Goals. This includes but it is not only limited to the proposal of new Multiple Criteria Decision Making (MCDM) methods, applied works where problems are formulated in an innovative way showing the suitability of MCDM techniques and approaches for their resolution, literature reviews contributing to enrich the actual knowledge about the problem and any other quantitative approach analyzing and treating different situation related with sustainable development goals using a multidimensional framework.

Keywords

- sustainability
- diversity and inclusion
- environment
- development
- multidimensional measurement framework
- multiple criteria decision making

an Open Access Journal by MDPI

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
