Deadline for manuscript
submissions:

31 March 2022

Message from the Guest Editor

Specific areas of interest therefore include but are not limited to the following:

- Theoretical framework for the analysis of sustainability in OAASC;
- Approaches to measure and assess sustainability in OAASC;
- Economic and financial sustainability of OAASC;
- Ecosystem services and OAASC: classification, measurement, and comparison with alternative farming systems;
- Sustainability of organic livestock production in terms of use of soil and natural resources, profitability, and carbon emissions;
- Sustainability along the supply chain for organic products, including social and economic equity, and environmental issues related to processing and/or distribution;
- Consumers' attitude toward sustainable food products and effectiveness of organic labeling;
- Certification;
- Innovation in organic systems to enforce sustainability: organic seed development, breeding traits selection, precision farming, innovative technical means, etc.;
- Social sustainability and inclusivity in OAASC;
- Sustainability in the context of the international trade of organic products.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

Journal Rank: [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
