Deadline for manuscript  
submissions:

**closed (1 June 2022)**

### Message from the Guest Editors

Dear Colleagues,

Pipeline science and innovation is a scientific field and area of profession in the field of pipelines that reports on a broad range of topics. The purpose of this Special Issue is to publish original in-depth scientific and technical papers describing the latest research and developments in water distribution and transmission systems, wastewater collection systems, storm sewers, drainage structures, and culverts in the oil and gas industries.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
