Deadline for manuscript
submissions:

30 August 2021

Message from the Guest Editors

We would like to invite colleagues to submit articles about their recent research on any of the following topics but not restricted to:

- landscape analysis
- sustainable land use planning and landscape management
- landscape services
- landscape character assessment and landscape units
- landscape visibility and visual impact assessment
- quantitative approaches to landscape design
- nature-based solutions
- edible landscape and urban agriculture
- effectiveness of revitalization strategies
- environmental, ecological and social impacts of land use planning
- urban and rural landscapes' effects on individual and community health
- co-design and participatory mapping in landscape research
- applications of citizen science in landscape research and success stories with GeoWeb
- geoprocessing tools and algorithms for landscape analysis
- use of remote sensing data in landscape analysis
- the theory of landscape sustainability

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and
Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many other databases.

Journal Rank: [JCR - Q2 \(Environmental Studies\)](#) / [CiteScore - Q1 \(Geography, Planning and Development\)](#)
