Deadline for manuscript  
submissions:

**closed (30 April 2024)**

### Message from the Guest Editors

Through this Special Issue, we hope to summarize the current research on power generation systems for green sustainable energy and explore the application of advanced materials, information technology, etc., in the systems.

This Special Issue will focus on novel power generation systems, advanced materials, optimization techniques, and emerging trends in renewable energy technologies, as well as policy implications and challenges associated with the transition to a green energy future.

an Open Access Journal by MDPI

University, Columbus, OH 43210,  
USA

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
