31 January 2022

Message from the Guest Editor

Dear Colleagues,

In this Special Issue of the journal of *Sustainability*, papers are sought encompassing a wide range of topics covering the environmental, social, and economic sustainability of the transportation and infrastructure systems. Topics of Interest include (but are not limited to) planning, designing, constructing, controlling, operating, maintaining, and managing multimodal transportation and infrastructure systems. Transportation modes include all surface, air, and water modes and cover both passenger and freight mobility. The specific list of topics includes: Transportation safety and security; Climate change; Energy; Finance and economy; Physical and psychological health; Environmental justice; Transportation equity; Complete streets and complete communities; Micromobility policies and regulations.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

Journal Rank: [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
