Message from the Guest Editors

Dear Colleagues,

This Special Issue intends to publish high-quality scientific contributions that provide the following:

Ø A survey (literature review) concerning theoretical and/or empirical literature on a specific sustainable development goal;

Ø A bibliometric analysis of the main topics/authors in this area of research;

Ø A meta-analysis of the empirical evidence produced in what concerns a specific sustainable development goal;

Ø Contributions for a more comprehensive/refined/detailed measurement of the results obtained in one or more of the sustainable development goals. This could be directly linked with the targets defined or aim to capture new relevant dimensions;

Ø Comparative evaluations of the levels already achieved in a specific sustainable development goal in the context of a group of countries;

Ø An econometric analysis of the core determinants of performance in regarding one or more sustainable development goals.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
