### **Message from the Guest Editors**

Dear Colleagues,

For this Special Issue, we welcome papers dealing with case studies, literature review, survey findings, analytical methods, and tools. Examples of topics of interest include:

- Studies on sustainable smart cities research;
- Elaboration on the concept of smart villages;
- Smart urban applications for different domains of human activity including education, transportation, energy, accessibility, policy making, governance, entertainment, collaboration, behavior etc.;
- Advanced information and communication technologies for smart cities research including data mining, analytics, cloud computing, open source technologies, virtual and augmented reality, collaborative platforms, content management systems, etc.;
- Policy-making and sustainable government initiatives for smart social businesses and entrepreneurship in villages and rural areas;
- Case studies, prototypes and project deliverables related to smart cities research; Irregular migratory flows and smart villages initiatives;
- Public consultation and open smart democracy.

Prof. Miltiadis D. Lytras

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** indexed by the Science Citation Index Expanded and Social Sciences Citation Index (Web of Science), as well as Scopus and other databases.

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 18 days after submission; acceptance to publication is undertaken in 4.9 days (median values for papers published in the first six months of 2018).
