Message from the Guest Editors

Dear Colleagues,

Social business and social entrepreneurship are increasingly important for economic development policies because they create social and economic values.

From Yunus Centre Cantabria (Spain), we are delighted to announce this Special Issue, with the purpose of promoting research on the current challenges and opportunities for social business and social entrepreneurship in the face of the Agenda 2030. Papers submitted to this Special Issue should cover topics including the characterization of social entrepreneurs, measurement of social business impact, their contribution to SDGs achievements, etc. General topics related to social businesses and social entrepreneurship are welcomed as well. We are equally open to conceptual papers and empirical studies around this topic.

Deadline for manuscript
submissions:

30 September 2021

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
