Message from the Guest Editors

Papers can be submitted in the broader research area of environmental resource management, but articles that on the below topics are especially encouraged:

- Climate change and climate variability and impact assessment on regional to local scale;
- Methodologies and approaches for sustainable resources management;
- Local-scale water–energy–food demand assessment under global changes and recommendations;
- Methods and applications of water reuse and treated wastewater in sectors such as agriculture and energy, and current limitations;
- Changes in land use and land cover and their impacts on environmental resources;
- Demonstrating integrated solutions for environmental resources management.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
