

Addressing Sustainability at a Community Scale

Guest Editor:

Prof. Dr. Lucelia Rodrigues

Department of Architecture and
Built Environment, The University
of Nottingham, Nottingham, UK

Deadline for manuscript
submissions:

closed (31 December 2021)

Message from the Guest Editor

The following topics are welcome in this special issue:

- Carbon neutrality design approaches that go beyond building scale
- Addressing the nexus of mobility, energy and health
- Meeting social, economic and environmental needs through collective means
- Net zero carbon emissions and circular economy
- Community initiatives that address the sustainability of key resources such as energy and water
- Community engagement and their contribution to addressing sustainability issues
- Smart technology and their contribution to addressing sustainability issues in a community
- District and neighbourhood sustainable or carbon neutral design or retrofit
- Standards and performance assessment for communities
- Contribution of communities to the sustainability and resilience of cities

an Open Access Journal by MDPI

Natural Resources, Ohio State
University, Columbus, OH 43210,
USA

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
