Deadline for manuscript  
submissions:

**31 December 2021**

### Message from the Guest Editor

Dear Colleagues,

Sustainability is a complex topic that encompasses many different issues from a variety of areas, e.g., environmental impact, social considerations, and economics. The textile and apparel supply chain is also very complex, as it includes everything from raw material selection and development, design considerations, processing, sourcing, distribution and marketing, to consumer use. There are many sustainability issues within this supply chain that should and can be addressed.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:**— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

**Journal Rank:** [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
