Message from the Guest Editors

Dear Colleagues,

The UN Decade of Ocean Science for Sustainable Development, using the philosophy of the SDGs, calls for accelerating sustainable solutions to all the world's biggest challenges, with climate change as one of the most important ones. Meeting the targets of Goal 13 (Climate) and Goal 14 (Oceans) will ensure that the targets of all other Goals are met and vice versa. Therefore, we invite research papers, inter- and transdisciplinary as well as review papers, contributing to the UN Decade of Ocean Science and the SDGs, which focus on ocean/climate issues as well as on ocean literacy and modern approaches to ocean environmental education.

Assoc. Prof. Tymon Zielinski

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:—free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed by the [Science Citation Index Expanded](#) and [Social Sciences Citation Index](#) (Web of Science), as well as [Scopus](#) and [other databases](#).

Rapid Publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 14.5 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2020).
