Message from the Guest Editors

Dear Colleagues,

Among the efforts to tackle climate and environmental challenges, the European Green Deal (EGD) plays an important role proposing a holistic approach in which all European actions and policies contribute to the objectives of the Green Deal itself. The EGD plans new, sustainable and inclusive growth strategies to enhance the economy, people's health and quality of life, taking care for nature, and leaving no one behind. The Farm to Fork (F2F) Strategy is one of the EGD strategies focused on sustainable food systems and the complex links between healthy people, healthy societies and a healthy planet. The F2F strategy, while emphasizing the awareness that food systems remain one of the key drivers of climate change and environmental degradation, highlights the need of transition towards a green agri-food system...
