Deadline for manuscript submissions:

closed (31 May 2019)

Message from the Guest Editor

This Special Issue of *Sustainability* is devoted to the publication of high-quality papers in time series analyses. This themed issue welcomes all views on the application of time series analyses in business with all types of papers (empirical, theoretical, and analytical) and case studies. Submissions should be original work that investigate an aspect of time series and its application in business.

Keywords:

- Big data
- time series
- data analytics
- business analytics
- business sustainability
- financial information
- non-financial information

an Open Access Journal by MDPI

Editor-in-Chief

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed by the Science Citation Index Expanded and Social Sciences Citation Index (Web of Science), as well as Scopus and other databases.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 15.3 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2019).
