Message from the Guest Editors

Dear Colleagues,

This Special Issue emphasize the development of research frameworks, theories, methods, and good case studies of tackling key research challenges related to the advance of urban informatics and spatial social network analysis. Sample topics include:

- Data sharing and dissemination in urban informatics research;
- Digital divide and sampling issue in urban informatics research;
- Multi-scale spatiotemporal analysis and modeling of social dynamics;
- Privacy issues in spatial social network data and possible solutions;
- Spatial agent-based models of human–environment interactions;
- Spatiotemporal analysis of human activities in physical and virtual spaces;
- Spatiotemporal data models for studying intra-urban social network;
- Spatiotemporal social network analysis;
- The importance of spatial data from marginalized communities;
- Visualization of spatial social network;
- Visualization of the food environment;
- Using space–time models to help decide allocation of public health resources.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
