Message from the Guest Editors

This issue specially will try to seek out studies which explore various aspects of forest ecosystems. The article published in this issue will try to stimulate more and wide discussions about the manifold interactions in forests and their ecosystems that influence the products and services on which people rely, role of natural and human disturbances in changing the forest ecosystems and strategies to improve the forest health.

In this Special Issue, original research articles and reviews are welcome. Research areas may include the following:

- Forest structure and functioning
- Climate change and forest
- Role of biotic and abiotic factors on forest ecosystem
- Carbon sequestration
- Determining the level of forest ecosystems vulnerability to environmental hazards
- Developing new approaches to support risk and vulnerability assessment in forest ecosystems
- Relationship between forests and agroecosystems
- Predicting the future species distributions and vulnerability of forest ecosystems to climate change scenarios

We look forward to receiving your contributions.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, AGRIS, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Geography, Planning and Development)
