submissions:

closed (15 June 2020)

Message from the Guest Editor

The goal of this Special Issue is to pool contributions that use different perspectives on resilience (socio-ecological resilience, community resilience, tourist resilience, etc.) to shed light on the study of CBT sustainability. The Special Issue target is to gain a more complex understanding of the cultural, social, economic and environmental transformation processes associated with CBT experiences through the lens of resilience.

Keywords:

- Community-based tourism
- Social sustainability
- Environmental sustainability
- Resilience
- Social-ecological resilience
- Community resilience

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
