Message from the Guest Editors

This Special Issue on “Construction Technology and Management in the Context of Economical and Environmental Sustainability” is focused on the latest trends in the field of preparation, implementation, and construction management. Authors can publish in the following areas: construction planning and realization, new trends in technology of construction processes, mechanization, automation and robotics of construction processes, building information modeling in construction technology, non-destructive testing in construction, technology of historical buildings renovation, management systems in construction, optimization of construction processes, efficiency of construction processes, and simulations and mathematical modeling of construction processes or related ones.

This issue will be a suitable complement to other issues focused on the design of buildings and maintenance of buildings within the overall life cycle of buildings.

Deadline for manuscript
submissions:

15 April 2021

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

Journal Rank: [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
