submissions:

**31 March 2022**

### Message from the Guest Editor

Dear Colleagues,

In today's turbulent and unpredictable business landscape, if organizations want to achieve a sustainable competitive advantage, they must prioritize performance and innovation. The business environment has changed radically in recent years, and this change will certainly continue.

This Special Issue will focus on symbioses between Project Risk Assessment and Corporate Behavior in order to support organizational sustainability. Contributions concerning theoretical approaches as well as case studies are welcome.

Prof. Dr. António Abreu

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:**— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High visibility:** indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

**Journal Rank:** [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
