submissions:

30 September 2021

Message from the Guest Editors

This Special Issue invites research papers and case studies related to the following sub-topics:

- Sustainability enabled and facilitated through digital collaboration;
- The role of digital collaboration for corporate sustainability strategies and in sustainability reporting;
- The role of digital collaboration for sustainable (global) supply chain management;
- The role of digital collaboration for impact sourcing and other forms of sustainability-focused outsourcing engagements;
- Institutional support for sustainability-driven digital collaboration initiatives in business, education, and society;
- Digital collaboration for intelligent applications;
- Social collaboration using online social networks across countries;
- AI applications supporting virtual teams' collaboration;
- Motivating factors for global digital collaboration;
- Digital collaboration cases on Big-Data analytics;
- Challenges of managing cross-organizational/cross-cultural virtual teams;
- Industry-specific and organization-specific case studies on digital collaboration;
- Digital collaboration studies at country, industry, firm, project, team, or individual levels.

an Open Access Journal by MDPI

Editor-in-Chief

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

Journal Rank: [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
