Deadline for manuscript
submissions:

closed (26 March 2023)

Message from the Guest Editors

This Special Issue of *Sustainability* focuses on, but is not limited to, evaluating the environmental behavior of existing buildings under real conditions in order to propose measures to improve their energy efficiency and IEQ, facing future health and climatic challenges. Therefore, this Issue aims to collect research works related to the building monitoring of occupied buildings in order to avoid performance gap, user behavior, adaptive thermal comfort, the effects of climate change on the built environment, the influence of the COVID-19 pandemic on environmental comfort and IAQ, and retrofitting proposals for IEQ improvement.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [RePEc](#), [CAPus](#) / [SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
