Message from the Collection Editors

This Special Issue aspires to present a selection of original and innovative papers highlighting the most challenging aspects relating to the comprehensive integration of the life cycle thinking in business and in policy making. Problems, challenges, perspectives and opportunities with respect to the different applications of the LCA will shed light on the dynamic and forward-looking nature of this tool especially in the light of the sustainable development goals and priorities. Successful paradigms of LCA methodology application on specific case studies are also welcomed. Papers on the aforementioned, as well as other relevant topics, selected for this Special Issue will be subject to a rigorous peer-review process with the aim of rapid and wide dissemination of research results, developments, and applications.
