submissions:

31 March 2022

Message from the Guest Editors

This Special Issue welcomes contributions on:

- Cultural and philosophical origins of the environmental discourse;
- Methodological issues related to how environmental ideas are conveyed over time;
- Platforms for circulating knowledge and practices related to ecological transformation;
- Views of ecological transformation as manifested in literature and other cultural outputs;
- Ecological visions in the Global South;
- Bridges between discursive mobilization and material mobilization, defined as an economic and political practice which leads to reduced emissions;
- Relation between industries, environmental movements and production choices;
- Criteria for a sustainable economy in terms of: specific budgetary commitments scale; inclusiveness to diverse occupations; procedures for economic adjustment.

an Open Access Journal by MDPI

Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

Journal Rank: [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
