Message from the Guest Editors

Contributions to this Special Issue will examine the different factors influencing the sustainable development of heritage at different levels and trace underlying common structures. Focusing on case studies of selected regions and cultural groups across Europe and beyond, they explore increasingly interconnected heritages and provide examples of heritage-making that simultaneously look backward and forward, at the same time addressing the complexities of contemporary European heritage from different theoretical positions addressing issues of sustainability.

Keywords:

sustainability; globalization; diaspora; UNESCO; safeguarding; innovation; cultural resources; creative industries; heritage futures

Deadline for manuscript
submissions:

30 September 2021

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

Journal Rank: [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
