Deadline for manuscript
submissions:

20 April 2022

Message from the Guest Editors

For this Special Issue, we invite authors to submit research articles or commentaries that focus on one or more of the following topics: social distancing in the public space; streetscape in times of pandemic; recreational use of Informal Green Spaces (IGS) or green wastelands in the time of pandemic; urban parks in the time of social distancing; salutogenesis and biophilic design; nature connection indoors and window view studies; the impact of the COVID-19 pandemic on communities and neighborhoods; green space and “recreation” through online immersive technologies; public space and the social “bubble”; the benefits of green spaces on public health and mental well-being during the pandemic; the roles of allotment gardens, community gardens, and urban farms in food production during the pandemic; from private to public—the roles of balconies, roof gardens, etc.; tactical urbanism and temporary responses for the pandemic in the city; and future, post-pandemic landscape architecture and urban design challenges.

an Open Access Journal by MDPI

Applied Science, University of
Ontario Institute of Technology,
Oshawa, ON L1G 0C5, Canada

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

Journal Rank: [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
