Message from the Guest Editors

Dear Colleagues,

This Special Issue will highlight the impact of COVID-19 on different aspects of transport during COVID-19 and in post-COVID-19 times. We welcome papers on:

- Travel behavior among different age groups and for different trip purposes;
- Mobility challenges for users of different transport modes;
- Mobility preferences (mode and route choice);
- Demand prediction for different transport modes;
- Traffic congestion and road safety challenges;
- Active transport and accessibility attitudes;
- Mode sharing and different users of transport systems;
- Application of smart technologies;
- Challenges in transport systems (e.g., transport infrastructure; transport operation);
- Transport policies and transport economy.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
