### Message from the Guest Editor

For this Special Issue in *Sustainability*, I am calling for papers on research into circular strategies and sustainable (business) models for ports. Theoretical as well as empirical, and quantitative as well as qualitative contributions are welcomed. Ultimately, proposed papers for this Special Issue may cover a broad range of strategies and policies, as long as the focus is on supporting ports and port authorities in their circular transition.

Deadline for manuscript  
submissions:

**closed (30 September 2020)**
