Environmental Studies,
University of Haifa, 92000, Israel

Deadline for manuscript
submissions:

closed (30 December 2021)

Message from the Guest Editor

This volume will present and analyze the relationship between the growing pilgrimage phenomena and sustainability from all aspects including social, cultural, and environmental. It will offer a comprehensive assessment of the intersection of pilgrimage and sustainability while providing a balanced discussion of both subjects. The range of papers will examine both specific case studies and more general issues stemming from the interaction of society, religion, culture, politics, and environment, and explore specific cases from various religions.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
