Message from the Guest Editors

Dear Colleagues,

This Special Issue includes selected papers that contribute to our understanding on how quality management and, specifically, standardization impact a more sustainable world. It attempts to answer to the requirement of our motto “A better world with quality”, which is the theme of the 4th International Conference on Quality Engineering and Management 2020 (ICQEM20), to be held in September 2020 in Braga, Portugal. (<http://icqem.dps.uminho.pt/>)

This Special Issue seeks to collect theoretical and empirical studies on the progresses in the quality management and standardization fields. Consequently, it covers different topics such as: standards, continuous improvement, supply chain quality management, management systems, lean six sigma, quality tools, quality management in services, total quality management, organizational excellence, the future of quality, and quality 4.0, new business models based on sharing economy, collaborative consumption, EFQM model (2020 version), and its relationship and impact to sustainability.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
