Message from the Guest Editors

Dear Colleagues,

We invite you to contribute papers that explore the uptake and transport of nutrients in stormwater, the impacts of nutrients in stormwater, and how nutrients can be removed from stormwater in urban and agricultural areas. This may include studies from the field to watershed scales, studies evaluating the impact of climate change on nutrient transport and transformations, modeling studies, or other studies evaluating the occurrence and impact of nutrients in stormwater. Studies on innovative technologies for the removal of nutrients from stormwater are encouraged. Treatment methods can include low-impact development (LID) techniques, green stormwater infrastructure, in-line treatment, or other innovative methods for the removal of nutrients from stormwater. Particular focus on nitrogen and phosphorus is encouraged, but not required.

Deadline for manuscript
submissions:

15 October 2021

an Open Access Journal by MDPI

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and many [other databases](#).

Journal Rank: [JCR](#) - Q2 (*Environmental Sciences*) / [CiteScore](#) - Q1 (*Geography, Planning and Development*)
